1. Point your browser to www.Facebook.com
2. Fill in the required information on the right side of the page under Sign Up. First name, Last name, Your email, New password, Gender and Your birthday. (Please make sure you can access your e-mail account from this workshop.)
3. When done, click on the green “Sign Up” button.
4. Facebook will send a confirmation email to the email account you used to register. In order to access your Facebook account you will simply need to click the activation link in this email and then you are ready to sign into your new Facebook account.
5. Adjust your settings to suit your needs.
6. Now you can search for people to see if they have a Facebook account and possibly invite them to be your friend.
